Shari Smith Will Reign As Queen At Junior Orange Bowl Festivities

Two in a row — Junior Orange Bowl Queens — sets a record for Belle Glade that bears out that natural beauty and charm plus personality are by-products of our local youth.

Shari Jean Smith, 13, was selected Saturday, December 11, when she appeared in competition with girls from 27 south Florida cities in Coral Gables, to reign over the Junior Orange Bowl Festival in that city December 26-30.

Shari is the daughter of Mr. and Mrs. Rex Smith, Belle Glade.

Last year, June Harris, daughter of Mr. and Mrs. Junius Harris, won that honor.

The queen for the event cannot be over 14 years of age.

Coloring book characters will come alive in blazing pageantry which opens Sunday, December 26 in Coral Gables. Theme of this, the 18th annual kiddie spectacular, will be "My Coloring Book," and offers a treat for youngsters and adults alike.

The festival is one of the biggest of its type in the

Second Project Completed in "Operation Face Lift"

The potting and placing of palms on Belle Glade's main street completes a second — OPERATION FACE LIFT — project of Belle Glade's Beautification Committee.

A check for payment in full for the palms was presented by Lions Club president

Richard Hodges this week to Dr. Don Fiehs, chairman of the Beautification Committee.

The potting and placing of the palms was done by Bert Ward, Billy Ray Evans and Jack Fullenwider.

The committee's first project was completed last

week when work was finished beautifying the corner of Avenue A and Main opposite the Chamber building. "A special thanks goes to Dr. J. Allen Baker for giving the committee permission to beautify this corner," Dr. Fiehs emphasized.

Carter Electric donated the material and work for lighting the "Beautifying Belle Glade is Everyone's Business" sign.

Lions Pay For Potted Palms

Richard Hodges, president of Belle Glade Lions Club, presents a check to Belle Glade Beautification Committee Chairman Don Fiehs for \$320.00, payment in full for the potted palms that grace our city.

Group Studies Revision Of Constitution

Five prominent lawyers have been named to serve on the 37-man special committee which has been assigned the task of presenting a revised Florida constitution to the 1967 Legislature.

Submitted to Gov. Haydon Burns were the names of William G. O'Neill of Ocala, Thomas Alexander of Tampa, Richard T. Earle Jr. of St. Petersburg, Warren M. Goodrich of Bradenton, and Joseph C. Jacobs of Tallahassee.

The list was given to the Governor on Monday, Dec. 6, by Robert M. Ervin of Tallahassee, President of the Florida Bar.

At least five members of the constitutional-revision committee were scheduled

IN 1966—

In simultaneous statements by George Wedgworth, President of Sugar Cane Growers Cooperative of Florida, and Chicago head quarters of the Quaker Oats Co., a longtime, discussed agreement has been finalized between the two firms which call for the building and operation of a plant to use bagasse furnished by the cane Co-op from its fabrication of sugarcane.

The Quaker people agree to purchase and the cane folks agree to furnish the capacity requirements of the plant which is to be built adjacent to the mill of the Glades Sugar House.

No official figures are available as to the possible employee requirements, but information heretofore discussed indicates some 40 to 50 will be needed to operate the original installation which is being planned for future expansion.

Furfural was discovered in 1832 by a German scientist but was not produced commercially until 1922, through a Quaker Oats process. Furfural grew to industrial importance because of its excellence as a solvent; its uses are numerous today.

Garbage Contract Up For Renewal

The City Commission, at its regular meeting Monday night, finally tabled a motion for favorable action on a renewal of the contract which the City now has with the South Florida Sanitary Co., for the removal of garbage in the City.

The motion to table included provision that the City's attorney would confer with the company's legal representatives and make adjustments agreeable to both before the Mayor calls a special meeting for signing the contract.

It is reported that the contemplated contract is for five years, with an annual minimum guarantee of \$86,500 by the City with no top. The new contract provides it is reported, that the City will remove trash, a part of which is now removed by the contractor.

Hawkins Secures License

At its regular meeting Monday night the Belle Glade Commission agreed to have issued to Paul Hawkins a license as "meat cutter" at his residence located at 512 SE Second.

There has been considerable discussion concerning the issuance of this license in a strictly residential neighborhood.

Cephas Barnes, Vietnam Fatality

Cephas Barnes Jr., 21-year-old son of a long-time employee of the Street Department of the City of Belle Glade living at 62 SW Seventh St., is reported by the US Marine Corps as a fatality in Vietnam fighting.

The father was notified that Cephas was killed by a mortar shell on Friday the 10th.

The City Commission was notified of the death at its regular Monday night session and City Attorney Barker was asked to prepare an appropriate resolution of condolence.

Cephas is a '63 graduate of Lake Shore High School, and volunteered in the Marines in February of '64.

Complete plans for funeral are not yet known as a definite date of the arrival of the body is not known. Taylor Funeral Home, Belle Glade, will complete and carry out the professional part of the funeral.

A military escort will accompany the body, and participate in the last rites.

Santa Sure Visitor To Little Ones

Jim Wierengo and Mrs. Katherine Price are directing the Sleigh of Santa for the unfortunate "have-nots" when it arrives at the Fire Station in Belle Glade on Thursday afternoon, December 23rd at one o'clock.

The sleigh is being filled by the Salvation Army, with toys for six to 800 children from two hundred families from Belle Glade thru South Bay, Brevard City and Lake Harbor.

Mothers and fathers will be given groceries, as well as clothing where needed for themselves and the children.

The State and County welfare departments, Health Department, and local Migratory Committees are preparing the list of the deserving, after investigation, and these lists will be double checked by the Salvation Army to eliminate duplication, and to be sure that everyone needing it will be taken care of.

Brigadier John Bevins, retired, visited the Glades Wednesday completing arrangements for the Christmas Party both here and in Pahokee.

It is pointed out that many of those who are on the list are without transportation and will need some help to get the toys, food and clothing back home. Jim Wierengo will be glad to have any who will help on Thursday afternoon getting these folks back home, to inform him.

Mrs. Price's specialty is clothing, and while she has a catalogue supply of items, trouble is experienced at times in filling the exact needs for shoes, dresses, mens pants and other items.

If you have any items you will contribute — food or clothing or money — Jim or Mrs. Price will see that they are channeled thru the Salvation Army's carefully supervised system.

The Army serves as an intelligent distributor, along with local assistance, of Christmas joy to the underprivileged with supplemental funds for food when necessary, from their own treasury.

The same general plan is followed in the Pahokee Canal Point area at the Pahokee firehouse commencing at seven AM the same day.

Mrs. Padgett, Chamber of Commerce Secretary is the director for that area.

Roberts Will Announce

Emmett S. Roberts near the Dealership of the Florida House of Representatives has submitted to the blandishments of well-wishers, the studied advice of old-timers in Florida's volatile political arena, and the observations of cold-blooded practical politicians, to announce his candidacy for the position of the Florida Public Service Commissioner now held by Jerry Carter.

Word came to the Herald at Press Time Wednesday night that Mr. Roberts' assurance of state-wide support is overwhelming and almost compulsory and that the formal announcement will be made within the next few days.

Plane Plant Encouraged

County Commissioner "Bud" Weaver is cooperating with the Chambers of Commerce of Pahokee and Belle Glade in asking, by postcard, local business houses and individuals to write letters to Governor Burns and/or the Moultrie Aircraft Corporation of Jackson, Mich., inviting and encouraging the firm to establish its plant at the County Airport.

The Belk Brothers, Sam and Frank, at the County Airport, have represented the manufacturers of the small plane which features ease of flying and landing, and predict a substantial sale when production gets under way in the south.

Youthful Representatives Of Churches Gave Their Traditions And Beliefs

At the Gove PTA meeting on Monday night the Cafeteria was decked out with traditional holly but with children's Christmas art, lighted tapers and Christmas trees. It was a setting for the Christmas stories of love, faith, hope, and charity simply and beautifully told when the twelve youthful representatives of the churches of this area gave their traditions and beliefs concerning their celebration of this event. Each one told in his own way, as only youth can do, with the freshness of spiritual life written on his countenance the interpretation his church gives to this season. The culmination was given in a reading THE MAGIC OF CHRISTMAS which brought out the fact that no matter what the belief or creed, it is the season of love for one another when enmities and feuds are forgotten, and the spirit of charity for all prevails. Underlying all was one hope that the world would never be without Christmas. The Jr. High School Mixed Chorus under the able direction of Miss Janice Schwab presented a quarter

hour of lovely Christmas selections. These songs lifted the hearts and spirits of those that saw those shining happy faces and heard the young voices lifted in joyous song. The costuming of red and white enhanced the picture. Those participating in the speaking program were Miss Alice Stephens of the Belle Glade Alliance Church, Miss Karen Dexter of St. Philip Catholic Church, Miss Sandy Betts of the Church of Christ, Miss Marilyn McDaniel of the Church of God, Miss Linda Goff of the Church of the Nazarene, Miss Jane Zump of St. John Episcopal Church, Miss Sheri Burgess of First Baptist Church, Mr. Harvey Pearlman of Temple Beth Shalom, Miss Millie Kirchman of St. Peters Lutheran Church, Mr. Leslie Cowart of the Community Methodist Church, Mr. Gary Walker of the Church of the Latter Day Saints, Miss Lorraine Felsing of the Everglades Presbyterian Church, and Mr. Ray Sullivan, Jr., of the South Bay First Baptist Church. Preceding the program,

Boy Scouts Bryan Cross and James Stevenson lighted the tapers. The recorded music was in charge of the Misses Dianne Richmond and Patti Roberts. Prior to the business session of the meeting, the Rev. Richard V. Roseman of St. Peters Lutheran Church presented the devotion, which was in harmony with the season. **BUSINESS MEETING** During the business session over which President W. L. Cunningham Jr. presided, considerable discussion was brought out concerning the question of air-conditioning the Cove school. The GO signal was given when it was almost a unanimous vote to proceed with the pledging of air-conditioning by rooms. It was announced by Teacher Penders during the meeting that if enough parents desired to sign up, there would be offered in January another Modern Math Course, as the response was very good for the last one. Principal Mabel Lutz announced that vision and hearing tests would begin shortly, and she needed assistance from mothers. She had a number of children who would be a re-shuffle of students of the 5th and 6th grades, for she had an additional teacher coming in in the first of the coming year. Home-made Christmas cookies, punch, nuts, and coffee were served from a festive red cloth covered table centered with a miniature Christmas tree.

Beauty was the line of business last Friday afternoon in Belle Glade, as local and out-of-town bachelors rushed to Belle Glade beauty shops to "look their very best" for the Twirling Beauty Contest on the Holiday Inn Friday evening.

A last count of participants indicated sixty-five or more would attend, but the event wound up with 100 contestants. Five instead of the scheduled three division resulted.

Complete with moving parts, Santa stands beside the family swimming pool, with pole in hand bearing his catch. The pond is filled with water flowing from artificial falls. He is accompanied by two reindeer and both nod their heads in approval as Santa brings in his catch. The scene makes evident the fact that Santa would rather be in Florida than at the cold, cold North Pole.

Lutheran Ladies Build Manger Scene

The grounds of St. Peter's Lutheran Church are adorned with a manger scene built by three ladies of the Ladies Aid Society. Starting from scratch the ladies drew their own pattern for the scene, cut the material from plywood, and then painted the characters with enamel paint. The manger scene consists of a stable, a donkey, Joseph, Mary, who holds the Baby Jesus, and a manger. The color scheme is blue, green, and yellow on white, with outlines in black.

The entire manger scene is illuminated at night with two flood lights. Behind the manger is the permanent red-wood cross, which reminds us of the fact that even at birth the cross looms

ed in the back-ground of the Savior, who came to die for the sins of the world. The three ladies building

the manger scene were: Mrs. Gretha Deal, Mrs. Teresa Duda, and Mrs. Loreta Roseman.

Christmas Story Is Told In Scripture And In Song

The spirit of Christmas prevailed in Junior Department, One, Sunday, Dec. 12th at 3:30 P. M. when the

Juniors were hosts to their parents and friends for their Scriptural program on the birth of Jesus and singing of Christmas Carols at the Belle Glade First Baptist Church.

The audience numbered fifty, which included parents, former Juniors of the department, brothers, sisters, and grandmothers. All came to see and hear the story told in scripture and song once more by twenty joyous Junior boys and girls! Homemade Christmas cookies furnished by the students and their families and fruit punch were served following the service.

The department was beautifully decorated with the Little Moon stocking tree being the focal point, and

the filling of the stockings with love gifts for the Mission Fund climaxed the program. All staff members of the department were present for this program presentation, and the fellowship time was greatly enjoyed.

A nice, but casual birthday party was given last Friday night by Mrs. Eugene Richey, in honor of her husband, Gene, son Steve, and Niece Linda Richey. Little Steve, who will be 4 on December 17, ran into trouble in opening his gifts, seem like he couldn't open them fast enough. The birthday cake was delicious in taste, and decorated beautifully, with the inscription "Happy Birthday, Gene, Steve and Linda." Birthday cake, nuts, candies, ice cream and punch were enjoyed by Mr. and Mrs. Tommy Priest, and daughter Terry, Mr. and Mrs. Perry Rigdon and daughters, Donna and Marlon, Mr. and Mrs. Otho Richey and daughter Linda.

Florist Presents Program For Garden Club

A very enjoyable program was presented to South Bay Garden Club by Mrs. Sadie Barwick, honored guest, who is a professional florist in South Bay, and Mrs. William Jeffries. Both ladies, and bells from many displays of real and artificial flower arrangements.

Gifts were passed out by Mrs. Dick Miller to be exchanged.

Gray Ladies Give First Aid In Elem. School Sick Room

A Gray Ladies group has been organized at the Belle Glade Elementary School Mrs. Royal.

for several years, but has not had much recognition. This year, the Gray Ladies number about 12 and have as their chairman, Mrs. Larry Royal.

This group of women are all volunteers and are greatly needed in elementary schools to relieve principals and teachers of caring for children who have minor injuries or ill while in school. The children are cared for in a sick room or clinic room and given first aid until they are sent home or get better, on the advice of the principal.

All Gray Ladies have completed an American Red Cross First Aid Course and are eligible after 10 hours orientation to care for the children, make them comfortable but not administer medicine, or give medication. The ladies also assist in weighing and measuring children coming in and keep records which are turned over to a public health nurse, which they keep for reference.

The volunteer works approximately one day a month from 8:30 to 2:30. At this time the days are set for Monday, Wednesday and Friday. A calendar is kept and the hours divided up according to when the ladies can work. The Gray Ladies get credit for hours they put in and are rewarded after some years.

More Gray Ladies are needed Mrs. Royal stated which would make it possible to have a Gray Lady on duty each day of the week. Another Red Cross training class will be coming up as two are given each

of Friday when they will have their parties and exchange of gifts. The school will adjourn at its regular time on Friday, Dec. 17th, and be back in session Jan. 3rd.

South Bay Garden Club Announces Lighting Contest

The Garden Club of South Bay voted at their regular business meeting and annual Christmas party that the judging for the Christmas lighting contest will be December 23rd. There will be two categories: religious and traditional, covering 2 groups, business and residential. Both groups cover indoor and outdoor decorations. There will be four prizes awarded for home lighting, two at \$7.50 and two at \$5.00. Commercial prizes will be \$5.00 for traditional and \$5.00 for religious. Contributions towards the lighting contests were donated by Florida Power and Light, and the City of South Bay.

Mrs. H. C. Willis is in charge of securing the judges, who have not yet been selected. The judges will not be announced until after the contest. Additional decorations have been purchased and the old ones have been re-

vived. Two reindeer have been placed at each entrance of the divided Highway, and one in the triangle. They are lighted and are 4' high. The Christmas tree located in the center of the Triangle is lighted by amber lights. Last year's hanging baskets of Poinsettias have been doubled around the triangle. All members participated in the decorating. A lot of credit should be given to Henry Eifers, City Commissioner, Rupert Young and a crew of city employees who helped to hang up and brace the decorations.

Mrs. Ralph Newman of South Bay, left Saturday to spend several days in Hollywood visiting her daughter Carol Ann.

\$3.85 Million In Contracts Include Dike N. E. of Lake

Contracts totaling \$3,851,836 for three jobs in the Central and Southern Florida Flood Control District, have been awarded by the U. S. Army Corps of Engineers in Jacksonville.

The largest contract, according to District Engineer Col. R. P. Tabb, carried a price tag of \$1,906,830. It went to Troup Bros. Inc. of Coral Gables and calls for more than 23 miles of canal excavation, constructing a salinity control structure and four other water control structures in lower Dade County about 25 miles southwest of Miami. The canal excavation will extend from Biscayne Bay on the east to a point some 4.5 miles northwest of Homestead on the west.

The salinity control structure, known as 20F, will be a U-shaped spillway with three automatically-operated gates. It is located near the shoreline of Biscayne Bay. Other gates and control structures of varying sizes will be S-196, S-167, and S-179.

The contractor, according to Col. Tabb, will be required to complete two of the gated spillways within 400 calendar days, and the excavation and remaining water control devices within 610 calendar days.

The District Engineer also announced award of a \$1,814,258 contract for construction of 10.4 miles of levee along the northeast side of Lake Okechobee. Known as Levee 47, it will extend from Nunn Slough in Okechobee County to Chancy Bay in Martin County. This work will tie in with another section of Levee 47 which was placed under contract by the Corps of Engineers in July.

Some 8 million cubic yards of dirt will be moved under the new contract and tree islands will be constructed on the lake side to

retard erosion on the face of the levees whose height will vary from 25 to 30 feet above existing ground level. The Arund Corporation of Baltimore, Md., successful bidder on the work, will be required to complete the job within 720 calendar days, Col. Tabb said.

A third contract, also part of the \$380-million Central and Southern Florida Flood Control Project, was awarded by the Engineers to Fred L. Bray, Inc. of Fort Lauderdale. The \$130,748

contract calls for constructing two water-control structures - S-124 and S-125 - just off State Road 84 west of Fort Lauderdale. Structure 124 will be about eight miles west of the Sunshine State Parkway on the north side of SR 84 and the other will be on the north side of SR 84 about five miles west of the turnpike. Both structures, according to Col. Tabb, are to be corrugated metal culverts with manually-operated slide gates. The work is scheduled for completion 120 calendar days.

All Star Football Saturday

Football stars - some in memory books - will clash (maybe BUMP is a better word) Saturday night at Memorial Field, Belle Glade in a return engagement with Clewiston All Stars for the Jaycee Championship.

Clarence Throop scored against Clewiston in the last two minutes of play last Saturday night in Clewiston for the only tally of the game over there.

Clewiston is returning to Belle Glade with determination to at least tie the series with a score that will leave Belle Glade muttering for the only tally of the game over there.

Congratulations! Our Town Looks Great!

Comments of approval from Belle Glade, provided citizens were heard during the week as Christmas decorations were completed and lights turned on.

The City is to be congratulated on the holiday display of Christmas lights entwined in silver and gold foil garlands and star-centered wreaths that decorate Main and Fifth Sts. Adding immeasurably to

the effect are the 32 pointed palms gracing the sidewalks on the main street. For these a vote of appreciation is due the Beautification Committee, and particularly the Lions Club who supplied the funds for the pointed palms.

Just in this short period, the beautification program, the City's clean up program and the Chamber's beautification program progress, that Belle Glade could well become the "City Beautiful."

Glades Sweetness

W. H. (Bill) Lanier, Asst. Sec. and Administrative Assistant acting for the Florida Sugar Cane League, presented to Clyde Heape, manager of Morris's Cafeteria, in his capacity as outgoing President of the Palm Beach Chapter of the Florida Restaurant Association, a certification of appreciation and a commemorative plaque for promotion of the use of Glades grown sugar.

The original resolution asking the state association to use and promote the "Sweetness of the Glades" was presented by members of the Chapter from Hendry County. The PB Chapter then asked and received approval by the state organization.

Pointing out that the plaque is a Home product, Mr. Lanier said that Florida cypress was used as a base by the Miami concern that designed and fabricated the plaque.

Brand names of Glades sugar are, of course, Dixie Crystals, Sunshine Sweet, Evercane and (Colonial!).

Glades residents might remember these names and suggest they use exclusively - Florida products for Floridians.

Judae McMillian Announces For Judge White's Vacancy

I want to announce my candidacy for the office of Circuit Judge of this county, subject to the Democratic primary election scheduled in May of 1968.

This decision results from the recent public announcement of Honorable Joseph S. White, Senior Circuit Judge, that he does not plan to file for re-election next February. His contribution

to the judiciary and citizens of this county, state and nation is matchless and his devotion to duty and good citizenship an inspiration for all.

For the past 10 years I have served continuously as one of the judges of the Criminal Court of Record of Palm Beach County. During this time I have had the opportunity of presiding over more than 680 jury trials and more than 1100 non-jury trials.

I received an A. B. degree (with honors) from the University of Florida and a law degree from Stetson University in 1936, at which time I was admitted to the practice of law in this state. I served over 5 years as a Special Agent of the FBI in various parts of the United States, including an assignment in the FBI headquarters in Washington.

I am 53 years old, married and have a 4 year old daughter, and 3 sons. Hugh, Jr., is married now resides at Oxford, England, where he is a graduate student in the Department of Law, University of Florida, and Meredith is a Junior at Forest Hill High School in Washington.

If elected as one of the judges of the Circuit Court of this county, I will endeavor to discharge the duties and responsibilities of this important judicial office to the best of my ability with fairness and impartiality and in an effective, efficient and courteous manner.

\$5,000 Loot Lost In Local Burglary

Burglars who apparently professionally "cased" the Cox Jewelry Store on West Avenue A took away from two suitcases, watches, jewelry and Christmas items of an estimated value in excess of \$5,000 while the store was closed.

The operators displayed a lack of knowledge of just what several of the watches are for energy calls necessary to their operation were left in the original "boxes" which were with the watches themselves.

Entrance was through the rear door which was secured by four bars and locks by the use of an iron bar.

Recently, it has been the custom of the Chief to attend the store as well as bar loading area with all officers on duty to assist in new regulations instituted by the City Commission at the suggestion of participating farmers.

Just in this short period, the beautification program, the City's clean up program and the Chamber's beautification program progress, that Belle Glade could well become the "City Beautiful."

The two suitcases on display.

Chapter Hears Program About Xmas Carols

The December meeting of Iota Epsilon Chapter of Beta Sigma Phi Sorority was held on Monday night, the 13, at the home of Miss Janet Ludlow, as each member arrived. Miss Ludlow gave her a hand knitted Christmas Wreath to be worn as a pin.

The Cultural Program was presented by Mrs. Gordon Corbin. Her topic was "The Enjoyment of Music" and since it is the Christmas season, she centered her program around Christmas carols. A record album of carols by the Robert Shaw Choral was played, with Mrs. Corbin giving a brief history of the author and composer of each carol.

A business session followed the program with Mrs. James Chamblee, president, presiding. She presented the chapter with a Beta Sigma Phi Pledge Ritual cloth, which was given by the chapter sponsor, Mrs. Jane Evans, as a gift to the chapter.

The social committee reported that members and their husbands attending the Christmas dance given by the three chapters had a wonderful time, and the dance was a big success. There will be a Coke party with the revealing of Secret Sisters on Saturday morning, December 18, from 10-12, at the home of Mrs. Terry Kirchman. "1966 Ford quieter than my Jaguar? Not jolly likely!" said Rob Walker

... then he drove the Ford.

Ford's Quiet Man, who recently demonstrated the 1966 Ford LTD to owners of some of the world's most expensive cars, here discusses the '66 Ford LTD with Rob Walker at his family's estate in Wiltshire, England.

"Astonishing... I believe this Ford of yours really is quieter!" exclaimed Rob Walker, famed British automotive sportsman.

Ford's quiet ride is the result of built-in quality and overall engineering excellence. Other examples of this engineering magic from Ford are: • New Stereo Tape Player option with easy-loading cartridges. • New Magic Doorgate on wagons—swings out like a door for people and down like a tailgate for cargo. • Silent-Flo Ventilation, standard on Ford 4-door hardtops, gives open-window freshness with all windows closed. • Quiet-test a '66 Ford, at your Ford Dealer's.

Christmas.....

Feast Of the Nativity Of Our Lord

In Russia and Communist-dominated areas, no child under eight may legally attend a religious meeting, and God has no place in classrooms irrespective of age; — no one, not even God, is above Lenin and the ruling few.

In America the US Supreme Court has removed Jesus from the classrooms, except as The historical character of a long-lasting cultural originating among the Ancients.

The Supreme Court by legal declaration gives the Communist of foreign origin and of fatally destructive purposes full freedom of effort and practice.

In Palm Beach County, our Superintendent of Education in a directive issued to all schools says:

"As teachers, we shall continue to keep alive and strong the best traditions of our nation, WITHIN THE LAW, INCLUDING CHRISTMAS."

"...development of our form of government, literature, morality and culture;"

"—instruction ABOUT religion — values are CAUGHT, rather than TAUGHT—"

"religious services and prayer readings should be avoided—"

"To God and my Country" says the Scout Oath.

A life scout and a cub scout are flying around more than a hundred miles above earth, alternately in their underwear, with the eyes and the ears of the World on them; they are backed up by two Eagle Scouts, two former scouts are waiting at Cape Canaveral to swoosh up for a hand—shaking.

Just how soon the Supreme Court will eliminate the offensive ((to it) word "God" from the Boy Scout Oath — no one knows.

What the Supreme Court has lashed in giving Labor and minority groups, (all of whom have been proven to have an effective seasoning of communism) practical control of America, the gloved hand and/or the steel-toed boot has forced or intends forcing, from Congress.

The elimination of GOD from the minds of the school children of America, by Supreme Court fiat with complaisant legislative permission, doesn't leave Lenin in charge, but it opens the road for a galloping regimental — front parade of communism.

"Christmas — Feast of the Nativity of Our Lord."

Federal Newspapers

Now the hairbrained specialists of the White House are proposing a "daily science newspaper" sponsored by the US government.

The US government is the largest publisher of the world at present, and all of the thousands of bureaus have methods of distribution thru the mails free of postage.

Entering another field of private endeavor only brings centralized government closer to the absolute. The freedom of the Press to OPPOSE and to PROPOSE, is

looming more important each day of legislative submission to political expediency. Turning minor bureau crats loose, with White House encouragement, will confuse the confusers at the White House.

Small newspapers are gradually disappearing because of the encouragement by the administration of unproductive labor at regularly increased wages.

The greater good will have been served when the idealists, who conform to inspired vote-getting proposals are "put out to graze" with the working public where ACCOMPLISHMENT is rewarded in the pay envelope.

Like It or Lump It

When government moves in, the rights of private citizens are frequently moved out. Take, for instance, a situation down in the Tennessee Valley Authority area.

TVA is building a community at the site of a new dam. When the work is finished, there will be some land left over, it having been used for access roads and other purposes during the construction stage. Previously, this surplus land has been auctioned to the highest bidder.

But, apparently, that isn't going to happen this time. It has been announced that the government will hold the land and sell it only to buyers of its own selection. That caused the Richmond, Virginia, News Leader

to say: "In other words, the Federal government will decide who will and will not do business in the new community . . . The government's reasoning? In the past, it didn't like the use certain land was put to by its private owners. Now, quite obviously, it intends to dictate terms to those whom it selects as buyers. TVA land left over, it having been used for access roads and other purposes during the construction stage. Previously, this surplus land has been auctioned to the highest bidder. But, apparently, that isn't going to happen this time. It has been announced that the government will hold the land and sell it only to buyers of its own selection. That caused the Richmond, Virginia, News Leader

You Will Have To Pay

An enormous amount of notice was given to the nominal tax reductions which have taken place at the federal level in the last two years. The question now is whether this moderate measure of tax relief is to be something of a snare and a delusion.

On January 1, 1966, social security taxes are to be substantially increased. This, for great numbers of people, will wholly or largely offset the past reductions.

Then, what will happen in the future is a subject of much speculation now. For example, in one of his recent columns David Lawrence wrote that the people know little about . . . what burdens for future years

will result from the commitments made by the last Congress. Expenditures to fulfill these commitments will grow year by year in the various fields in which the federal government has heretofore not entered. This will inevitably mean hereafter a bigger and bigger tax burden on the American people."

You may or may not favor medicare, the war on poverty, federal aid to education or any of the government's other ventures into uncharted areas of authority. But you and everyone else will have to pay for them—in increased taxes of one kind or another and, if the government continues to operate on a deficit basis, in a steady decline in the value of the dollar.

CAPITAL BRIEFS

EDUCATIONAL FREEDOM
—In discussing plans for the rewriting of text books by the Office of Education, Rep. Charles Teague (R-Calif.) states, "The question is simply this: Should the responsibility of writing or rewriting textbooks used by our children remain with qualified educators, free of federal influence, or should it be handled by the federal government?"

TAX COSTS—Total direct taxes, says Rep. George Hansen (R. Idaho) take almost 30 per cent of income, compared with 24 per cent 10 years ago. Indirect taxes have increased until the price of some items represents almost as much tax as materials, and some, such as cigarettes and alcoholic beverages, are far more tax than product."

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

The fellers at the country store Saturday night was debating matters sideways, up and down, round and about.

Starting off sideways, Ed Doolittle was having a good word to say for the feller that runs the store. Last week he put a sign in the window telling all fishermen he has got "Fish Bait, Crickets, Worms, and Rabbits Feet." Now there was a feller, claimed Ed, that was on the ball and keeping in tune with the times. Ed figured the store-keeper was needed in Washington where everything, special the budget department, was operated on the rabbits foot theory.

Clim Webster of the Great Society said he didn't have nothing agin anybody toting a rabbits foot but he was defending the budget plan. He reported he was mighty glad Lyndon wasn't letting a good horse git away on account of being too stingy to pay for a strong halter to hold him.

I don't know how you feel about this matter, Mister Editor, but some of the fellers was wondering if it wouldn't be a little cheaper if Lyndon would

try closing the stable door once in a while.

Zeke Grubb announced he was a heap more worried about people than he was about the budget. Zeke said he was reading a place where this feller General Herby that runs the draft department said last week they had rejected 130,000 draftees last year, afore they even took them from the local draft boards. And of that number, 54,000 was turned down because they was classified as not fit to associate in a law-abiding society.

Them figgers, Mister Editor, was pritty shocking, coming from official sources. I'm glad I won't be here to see it but the time is coming soon when a new generation of teachers, doctors, lawyers, maybe college presidents, might be running around with their hair curled in and their shirt tail tucked out. It's a sad thought for a old feller like me that's coming down to the sunset of his days.

Speaking of these matters and moving up and down, Bug Hookum reported he had saw where a West Coast newspaper had run a series of articles by the fashion editor advising college girls how to dress in fashion while they was gitting throwed in jail

fer demonstrating. According to Bug, this fashion writer advised wearing matching sweaters and tights to give 'em that "total look" while they was putting their name on the police blotter. How do you like that, Mister Editor? But I reckon when we come out with this new equal rights fer wimmen law we was asking fer it. I even saw where a college girl in Florida was testing the law by trying to git in the Marine Core.

Yours truly,
Uncle Dan

THE BELLE GLADE HIGH GLEE CLUB PRESENTED THEIR Annual Christmas program December 9.

Rams Top Panthers For Easy Wins

The Golden Rams Basketball teams were host to the Cypress Lake Panthers of Fort Myers last Tuesday night, December 7.

The Jr. Varsity, coached by Mr. Webb, won their second game of the season. In the first half the J. V.'s held the P. Myers Panthers to 3 points. The final score was 47 to 13. Top scorers were Terry Mann, Eddie McAllister, and Eddie Prevatte.

The varsity game yielded another victory to the Golden Rams as they triumphed 77 to 39 over the Panther's Varsity team. After the first few moments of tension, the Rams held a strong lead throughout the game. Top scorers were Dean Wilson, Bryant Davis, Tony Latour, and Cary Jones, who made 17 points.

Tomorrow Belle Glade will play J. I. Leonard in Lake Worth. Only the Varsity will play and the game will be at 1:30.

Rams Still Undefeated

Belle Glade's third double victory of the basketball season took place last Friday night against Marathon High. Both Jr. Varsity and Varsity beat their opponents by a wide margin. The standing for both of this game is 3-0.

The results of the games were as follows: B-team score, 50-34, top scorer was Terry Mann with 21 points; Varsity score at half, 43 to 0, final was 80 to 35. Bryant Davis, 17 points; Tony Latour, 15 points; Cary Jones, 14 points were high scorers in this generation.

During the holidays, on December 21 and 22, Belle Glade, Pahokee, Clewiston and Okeechobee will play off in their annual Christmas Tournament at Pahokee.

It looks like the Rams are in for an undefeated season! We hope so — good luck boys.

Gossiping Gandy

The roving eye is back in circulation again, especially among some of our freshmen.

Melissa H., is six classes a day to find for you to stay awake in.

Hey! Kirby N., who's your cye twin? Could it be Jimmy W.

Barbara W., now did you get the name "Gomez"?

Linda L., are you counting the days till D. L. comes home.

Bookkeepers how did your projects go in Mr. Painter's class? If you think those were hard wait till you have to do the one at the end of year.

Will Your Job Be Eliminated?

"Automation, Today and Tomorrow" was the topic of Dr. H. Liberman's recent speech to BGH seniors. He talked with the take-over of machines and computers in this generation.

Dr. Liberman stressed the importance of automation in today's rapidly changing world. He pointed out that to stay on the top of a chosen profession one must have not only intelligence and determination but adaptability. In choosing a career, he said, it is important to choose one in which the machine will be your ally or helper rather than competition.

Dr. Liberman closed his speech with a lively and interesting question and answer session. He gave some educated, and rather alarming, speculations about what may lie in the future.

Glee Club And Chorus

The Second Annual Xmas Concert was presented on December 9, in the high school gymnasium by the high school Glee Club and the junior high Mixed Chorus.

Under the direction of Miss Janis Schwab, the choruses presented the local community with new and familiar Christmas songs and carols.

The program began with a candlelight procession of the high school glee club as the curtain opened to a stage decorated with Christmas trees. Christmas carols were sung as heard were opened to the Christmas spirit.

FHA Serves Luncheon

A luncheon was held by the Future Homemakers of America on December 3 in the Home Economics Department to relate the story of Home Economics to the community. The luncheon was planned by Karen Dexter, who is high school state president-elect of the FHA, is working on a state degree. She selected this as one of her projects and was responsible for the entire program and invitations.

The luncheon began at 12:00, when guests were welcomed by Barbara Warren, Barbara introduced each guest to the hostesses who were: Diane Shiver, Leona Felsing, Kathy Morris, Barbara Dexter, Margaret Thompson and Connie Van Camp.

Before the meal the guests were shown around the Home Economics Department where exhibits made by Home Economics students were displayed.

Present Christmas Program

After a selection of songs from different countries, the high school chorus presented their portion of the program with spiritual and secular Christmas songs.

Both groups showed their grateful appreciation to a fine and devoted director by presenting roses. Miss Schwab received long-stem, yellow roses from the high school Glee Club, and long-stem, red roses from the junior high mixed chorus.

Due to many weeks of hard work, the concert was a success in helping to bring Christmas spirit to the people of the local community.

Following the meal a six part program was presented by Karen Dexter, the mistress of ceremonies, entitled "It Takes a Lot of Knowledge To Make a House a Home."

The six knowledges were as follows: Food and Nutrition by Barbara Dexter, Club treasurer; Personal & Family Relations by Kathy Morris, club parliamentarian; Clothing and Textiles by Diane Shiver, Vice-president of Public Relations; Child Development by Margaret Thompson, Vice-president of Recreation; Housing by Connie Van Camp; and a special presentation by Sherri Burgess, Club president on "What is FHA?"

Congratulations.

The Journalism class would like to congratulate Mr. and Mrs. Emory Bowers on the adoption of their son, James Lawrence.

We wish all three of you much happiness and luck. We know your first Christmas together will be filled with a special joy and we hope that there are many more just like it.

F. T. A. Discusses State Convention

At the recent F. T. A. meeting on December 7, a panel discussion was held by the members who attended the F. A. F. T. A. State Convention in Clearwater, last month.

To start the program the president, Brenda Kelley, gave the members a general report on the complete trip, from start to finish.

The panel was composed of Brenda Kelley, Jane Zump, Brenda Provatt, & Doris Willis, all of whom attended the convention with advisor, Mrs. Stevenson.

Each panel member gave an analysis of the "Buzz" session that she attended.

The meeting was adjourned early in order for the members to attend the basketball game.

Art Club Works On Patio Mural

The patio mural was the topic under discussion at the Art Club meeting last week in room 306.

The mural, which will be located on the south wall of the patio, should be completed by graduation time, it was announced. Members of the Art Club will work after school and on the second and fourth Thursdays at night.

"Rolling the Clay" will be the slogan at the meetings for quite a while, as the clay must be prepared a certain way.

Refreshments of hot chocolate and cookies were served by Mrs. Earwood, sponsor of the club.

Beta Taps New Members

A tapping ceremony was given by the Beta Club on December 6. This assembly initiated 31 new members.

Beta members are looked upon for more than just high averages. Their character, and outstanding leadership plays a large role in each of their lives. The students selected for membership this year were Linda Rockwell, Mike Shiver, Cheryl Stone, Carolyn Clevenger, Eddie Vandergriff, Cathy Battle, Carol Betts, Sandy Betts, Jorge Bianco, Joyce Bradlow, Anita Cardin, Margaret Cross, Barbara Dexter, Alice Halbrook, Dick Hooker, Jean Jackson, Ruth McGee, Alfred Meeks, Kathy Morris, Kathryn Smith, Paul Stevenson, Maria Iglesias, Margaret Thompson, Brenda Webster, Deborah Wedgworth, Pam Whitlock, Carol Williams, Winifred Williams, Janet Wolf, Joan Taylor and Debbie Urwin.

Glenn Wolf, president, presided over the ceremony, first introducing the officers and sponsor. He gave an explanatory speech on what the Beta Club stands for in general leading up to the lighting of the eternal flame of knowledge. Only one slight problem arose, Glenn where did your matches disappear? Thanks to Jack Keese, the candle was lighted. After the new candidates for membership were tapped, the president swore them in.

Such an inspiring assembly required a lot of preparation, and the whole club as well as Glenn should be congratulated on a job well done.

Room 302 Receives Equipment

Room 302 has recently been improved by the addition of some new equipment. Financed by the school's D. E. department, the new equipment includes three working tables, an executive desk with chair, a new filing cabinet, and a Bell telephone.

Although the furniture will be used primarily by Mrs. LaFlam and her classes, D. E. students will make limited use of the new commodities.

Mrs. LaFlam reported that the equipment would be especially useful to her 6th period Journalism class. The filing cabinet was especially welcome as the one already in use was crowded.

Basketball Underated In Belle Glade

By Riley Foster

It is a tradition here at Belle Glade High to support our great football teams, but we, the students are guilty of letting our school spirit falter after the football season draws to a close.

In Belle Glade High basketball is treated as a minor sport; this is not right. Our boys on the basketball team work as hard as any in our school. They give their all out effort for B. G. H. S., but they get very little credit. This is mainly our fault, we don't support the team as we should.

This year our team is a member of the Western Division of the Suncoast Conference and has a great chance of being conference champs.

Students with our support we will be "Champs." Let's help make this year's "Golden Rams Basketball Team" the best ever.

Christmas Holidays Are Coming..

Tomorrow will be the last day of school this year. The Christmas vacation will take up the rest of the year and will last until January 3.

This is one of the most desired times of the school year for both the students and the teachers. Neither will have to put up with the other for two whole weeks! During this time the school will be dull and gray without the bright faces of the students while the whole outdoors will be lightened by their presence.

The real reason for the holidays is not just getting out of school and receiving gifts, but for remembrance of Christ's birthday.

Though Christmas will be a day of Santa Claus for our little brothers and sisters, for us there should be a moment of mediating on what we are celebrating Christmas for.

Happy Holidays

THE WHITE HOUSE WASHINGTON

To the young people who are today asking themselves about the wisdom of continuing their education or training and who are faced with making a decision on it, I want to say, *search first for advice and counsel.* Your parents, the teacher you like, the adult you respect most, a social worker, a YMCA or YWCA youth advisor, your school's guidance counselor, your State employment office's youth advisor and many others want to help and may be able to help. There are many ways in which we can assist you in preparing yourself for the responsibilities you'll hold tomorrow, but only you can make the choice. I would like you to keep one thing in mind. Seeking guidance is nothing to be ashamed of. The decision you make will affect you for life. It deserves all the guidance you can get.

In USN Training

GREAT LAKES, ILL. (PHOTO) Nov. 30 — Seaman Recruit Vernon D. Henderson, 18, USN, son of Mr. and Mrs. Vernon A. Henderson of Lake Harbor, Fla., is undergoing nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill.

In the first weeks of his naval service he will study military subjects and live and work under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian to sailor, he will be taught and supervised by experienced Navy petty officers. They will teach him the basic skills of seamanship as well as survival techniques, military drill and other basic subjects.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires, and the needs of the Navy.

Bailey Brothers Grocery Burglarized

Radio, watches, and cigarettes valued in excess of \$500 were taken by a burglar who broke several jars on the front door of Bailey Brothers South Bay grocery and then forced the door open.

The theft occurred Thursday, about 2 a. m., and was discovered by Patrolman H. B. Pitts. The break-in apparently occurred during a minor electrical failure. The sheriff's office is investigating along with the city police. Det. Lt. O. J. Senecal said the thief may have left a "calling card" as a sweat shirt with several names was found. One youth whose name was on the shirt was questioned, but he claimed to have loaned the shirt to another youth.

W. W. Bailey, owner of the store, reported at least five transistor radios and 18 watches missing. The watches were removed from two cases. One of the displays was left on the floor, and the other one removed from the premises.

Two packages of cigarettes were left by the thief, and found near the shirt. All of the evidence is being processed by Det. Lt. Senecal.

POINSETTIAS AND PUPPY DOGS

THE CHURCH FOR ALL. ALL FOR THE CHURCH. The Church is the greatest force on earth for the building of character and good citizenship. It is the storehouse of spiritual values. Without a church, society degenerates. There are four essential reasons why every person should attend service every Sunday and support the Church. They are: (1) For the sake of the soul. (2) For the sake of the community and nation. (3) For the sake of the church itself, which needs his moral and spiritual support. (4) For the sake of the family and the world.

Christmas Symbols

By Rev. R. Y. Roseman
One of the oldest of all Christian symbols and second only to the cross in richness of meaning is the burning candle or taper. Long before Christians began to celebrate Christmas as the birthday of our Lord, the candle was used to signify Christ as the Light of the world.

The spiritual association of light with God is of ancient origin, for God is the Father of light: "And God, Let there be light, and there was light." The psalmist also exclaimed, "... in thy light shall we see light" also prayed that we may "walk, O Lord, in the light of thy countenance."

When the ancient prophet spoke of the coming Messiah, he used the language of light: "The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined. The person of whom he spoke is Christ." "... the true light, which lighteth every man that cometh into the world." He is that "light that lightens the Gentiles."

Light in Biblical terminology means goodness, truth, life, love, and wisdom. This is contrasted to darkness which stands for ignorance, sin, and death.

Because Christ is the light of all lights, we naturally associate candles particularly with Christmas. Large glowing candles, beautiful red tapers, twinkling, radiant, electric candles are in the windows of stores and homes on the branches of Christmas trees, at the center of our tables, and on the altars of our churches. Always these candles should be an ever-present reminder to that glorious light of Bethlehem.

First Church Of Christ Scientist

Is the Universe, including Man, Evolved by Atomic Force? This is the subject of the Lesson-Sermon presented in Christian Science churches this Sunday.

A major theme will be "The ultimate supremacy of the spiritual laws through which God's will and government of the universe is expressed. The Golden Text is found in 1 Chronicles (16: 31): 'Let the heavens be glad, and let the earth rejoice; and let men say among the nations, The Lord reigneth.'"

In addition to selected passages from the Bible on this topic, there will be readings from the Christian Science-textbook.
